We have no doubt that the ladies and gentlemen of Wilmington will avail themselves of the opportunity of hearing the performances of these accomplished artists. He gave a brief history of the origin and object of this school fund. He said the fund was created to school the white children of the State, and particularly the poor and ignorant portion; that the votes of Col. Of course, everybody knows that Mr. FILLMORE owed his elevation to the position of Vice President to the popularity of Gen. A persistance in Gen. TAYLOR's policy will be virtual suicide-an abandonment of it will be little better, as it will array the TAYLOR wing of the Whig party against him. Besides this, Mr. FILLMORE's previous course has proved conclusively that his political affinities are with the Free Soilers. The Vagrant Law. The Register chuckles over the fact, that Mr. Manly has attacked Col. Reid on account of his vote, in 1840, in relation to the "Vagrant Law" of this State. This law was repealed in 1840. It provided that persons who had no "honest calling," and who were "sauntering about, endeavoring to maintain themselves by gaming, or other undue means." might be, in certain cases, imprisoned, and, if found incorrigible, hired out-the very same law for which Gen. Harrison voted in the Senate of Ohio. In Mr.

law, he said "The mode of disposing of offenders, proposed in Ohio, is not new in North Carolina. By our own law. a man convicted of being a vagrant is directed to be hired out for the costs. This law has been in force since 1784, and the statute of which it now forms a section was read three times in both houses of the General Assembly, and passed, so late as the session of 1836-'37. Yet, you hear persons declaiming against Harrison who voted for this very law." Now be it known that Charles Manly, the Whig

in 1840, as one of the members of the Whig Central Committee, and recommended Mr. Badger's speech -the above extract included-to the "attentive perusal" of the people of the State. Surely Mr. Manby resorting to such arguments against Col. Reid. We copy the above from the Standard of the 12th July, 1848. Mr. Manly pursued the same course towards Col. Reid in this matter, two years since; that he is pursuing now; and still Col. Reid gained votes. The Governor and his partizans ought to be ashamed of such conduct. Why do they back out from a discussion of principles, and resort to such low demagogueism as this? Because, in the first place, they have no principles that will stand the

test of discussion, and because, secondly, they enter-

tain such a poor opinion of the people's intelligence, that they think they can work upon them to more advantage with such stuff as this. The Whig papers state that Col. Reid voted to hire out and whip "poor men." This is false, and these papers know it. He voted against repealing a good aw-a law passed by our revolutionary forefathers. for whom the Register professes so much reverenceand which provided that persons who had no "honest calling," and who "sauntered about, endeavoring to means," should be taken up, dealt with, and made to work. Does it follow, because a man is poor, that he is a vagrant? Is a poor man one who has no "honest calling "-who "saunters about" in idleness and meanness-or one who lives by "gaming or other undue means !" So says the Register and Times, and so argues Gov. Manly' Such statements and such

arguments are insults to all the "poor men" in the State, and in their name we repel these insults with the contempt and indignation which their authors so If all the "poor men" in the State will vote for Col. Reid, Gov. Manly is welcome to the balance.

The truth is. Col. Reid has always been the friend and champion of the poor. He started the issue of Equal Suffrage for their benefit, and he still advocates it, though it was opposed by Gov. Manly and sneered at by the Register and other Whig papers. He wishes to give the poor men, who own no land, equal privileges at the ballot-box with the landholders: but Gov. Manly and his partizans are opposed to this. Judge ve, honest poor men of the State. who are your friends-Col. Reid, who would enlarge your liberties and rights, or Gov. Manly and his backers, who would keep you as you are, disfranchised, and deprived of the privilege of voting for Senators!
